

# WE BUILD OPPORTUNITY

## HS&E MANAGERS, SPECIALISTS & ADVISORS - POSITIONS IN ALBERTA

For over 50 years, North American Construction Group Inc. (NACG) has worked to build a solid reputation as an industry leader. As one of the largest providers in mining, site preparation, piling and pipeline services in western Canada, we have the precise combination of knowledge and experience that clients seek when they select a service provider. Thanks to significant growth in our company we have exciting opportunities for Health, Safety and Environment Managers, Advisors and Specialists in both our Edmonton and Fort McMurray locations.

### POSITION SUMMARY MANAGER:

The Health, Safety & Environment, Manager contributes to the success of the organization by providing highly specialized HS&E services and systems to their assigned Division and support groups. Focusing on core HS&E objectives, the role is to provide leadership, technical expertise and coordination in the implementation and administration of management systems that enhance the business and support legislated and regulatory requirements.

### POSITION SUMMARY FIELD ADVISOR:

The HS&E Field Advisor contributes to the success of the organization by proactively providing HS&E expertise and support to assigned projects and support groups primarily in the Fort McMurray area. The role is to provide key recommendations based on technical knowledge and obtain the support of leaders and teams for the implementation of new or revised HS&E policies, processes and systems.

### POSITION SUMMARY MANAGEMENT SYSTEM SPECIALIST:

The HS&E Management System Specialist contributes to the success of the organization by proactively providing highly specialized HS&E services and programs. The role is to provide technical expertise and coordination in the development of programs and services that enhance the business and/or support and influence legislated and regulatory requirements.

To apply to these opportunities, please submit a resume with your experience and accomplishments to [careers@nacg.ca](mailto:careers@nacg.ca) referencing "the specific role you are interested in" in the email subject line - please note, applications incorrectly referenced may not be received.

## WE'RE MORE THAN JUST BIG EQUIPMENT.

Our difference is in the unique talent and knowledge of our people combined with an unmatched history of over 50 years as an industry leader.

We value the commitment of our people through excellent benefits and competitive salaries while offering an opportunity for advancement in a safe, challenging work environment.
